### HER MAJESTY'S GATED WORLD

The largest surface area of all of the realms, the great empire is the most populous country and second only as economic powerhouse to X by SL. Within its borders, the parliament sits, banks issue BUN, LTT, and USDC credits, auctions happen in the arena, NFTs are minted and custodied, in addition to containing other commercial activities. Following the last war, border controls are tight and only persons invited can come in.
